Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Examiner agrees with applicant that the Exhaust Gas Recirculation (EGR) system of Paas (US 5,875,030) includes the catalyst assembly and the particulate filter and therefore does not read on the claimed limitations of originally numbered claim 9. The combination of having an EGR system inlet positioned downstream an oxidation catalyst, and having a particulate trap positioned downstream of the EGR system intake is absent in any prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaity Handal whose telephone number is (571) 272-8520. The examiner can normally be reached on M-F 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenn Caldarola can be reached on (571) 272-1444. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
